

KEEP CHARGING FORWARD.

BMW BATTERY CHARGER.

Did you know that your BMW can continue to use power from the battery even when it is shut off or parked for extended periods? Well, there's a good reason for that! Your battery continues working to support the advanced technology in your vehicle. Ensure your battery stays optimally charged with the Original BMW Battery Charger.

BMW Battery Charger.

Using integrated Under-Voltage Protection (UVP) and patented desulphurization technology, the fully automatic 8-stage BMW Battery Charger protects and prolongs the performance of many types of BMW vehicle batteries. With dust and splash protection, as well as battery charging clips and a storage bag, this durable charger provides the ultimate in function, convenience, and quality.

61 43 2 408 594 Battery charger for BMW, BMW M vehicles and BMW motorbikes. Charging algorithm for 12 Volt AGM, lead-acid batteries and the new lithium ion batteries for BMW M. Charger not for use with 48 Volt vehicles.
